Form 10-Q for the quarter ended September 30, 2005**PART III - NARRATIVE**

World Fuel Services Corporation ("WFS") is unable to file its Quarterly Report on Form 10-Q for the quarter and nine months ended September 30, 2005 within the prescribed time period because it is still in the process of preparing its consolidated financial statements, due to, among other things, delays caused by Hurricane Wilma. Specifically, WFS is still reviewing its accounting treatment for certain derivatives under Statement of Accounting Financial Standard No. 133. Because this review is still pending, management has not yet completed its assessment of WFS' internal controls over financial reporting. Management's assessment will be completed prior to the filing of the Form 10-Q. WFS anticipates making further public disclosure on these matters in its Form 10-Q or otherwise if appropriate.

The reasons causing WFS' inability to file timely are beyond its control and could not be eliminated by WFS without unreasonable effort or expense.

WFS expects to report a significant increase in revenues and earnings for the quarter and nine months ended September 30, 2005, over the corresponding periods of 2004.
